Cross-Reference to Related Applications

This application claims priority under 35 USC §120 to commonly owned, copending U.S. Application Serial No. 09/286,248, filed April 5, 1999, the entire contents of which are hereby incorporated by reference.

Please ~~replace~~ the paragraph beginning at page 4, line number 23, with the following rewritten paragraph:

Advantages of the system includes the following. The total storage capacity of all data storage devices in a network can be tapped to satisfy each application's requirements. Thus, dynamic redistribution of storage capacity among servers is possible without requiring any physical disk relocation or change in data protection characteristics. As a result, the invention provides quick and reliable access to and management of large amounts of information on-line.
